

Job Role – Workshop Glass Processor

Who we are?

Touchstone is a growing innovative company which has built an outstanding reputation within the Conservation world for its passion for developing and manufacturing innovative products which offer unique solutions for thermally efficient windows, doors and roof-lights for historic buildings.

We are looking for someone to fit into our growing team of passionate, ambitious people. The ideal candidate would be self-driven. Have a passion for quality and detail in everything they do. A good sense of humour and an ambition to grow and develop with the company would be key.

Is this job right for you?

We require a skilled individual to fill the new role of “Workshop Glass Processor”

This role has potential for employee progression/development and for the right candidate may lead to running a department.

As this is a new position at Touchstone the role will be offered with full training. However, it is required that the successful candidate be equipped with some specific skills:

- As this is a hands-on role and the candidate must have practical skills and have experience working with hand and power tools.
- The successful candidate must have a keen eye for detail, be passionate about the work they produce and be keen to produce work to the highest of standards.
- As we are a growing company self-motivation and with an ambition to self-develop is essential
- Being able to work alone as well as playing a key role as part of a team is essential.
- A can-do attitude and excellent communication skills one to one and at team level are essential
- The ideal candidate would have a background or experience in a glass/DGU manufacturing trade but not essential.
- Able to use initiative is essential

Additionally:

- A full clean driving licence would be preferred
- Forklift truck licence would be preferred but not essential

Job responsibilities:

- Hand cutting glass (squares and shapes)
- Glass edging
- Manual handling
- Glass cleaning and polishing
- Time management
- Order processing
- Quality control
- Glass processing machine work and maintenance
- Working with hand and power tools

Job type – Full time, permanent

Salary - £9.00 - £10.50 per hour

The hourly rate is dependent on experience and will be reviewed for those candidates who can demonstrate a high level of skill and longevity in glass processing.

Benefits:

- Performance/training-based bonuses
- On-site parking
- Tools and workwear provided
- On-going personal development/qualifications encouraged
- Overtime

Schedule:

- No weekends
- 8-hour days
- Mon-Fri
- Early finish on Fridays
- Day shifts

Education:

GCSE or equivalent (preferred)

Experience:

Glass manufacturing/building trade: 2 years' experience (preferred)

Licence/certification

Driving licence (preferred)

Forklift licence (useful)
